## Song Lyrics

### A River of Birds - Libana

There's a river of birds in migration  
A nation of women with wings

### All I Have to Do - Helen Knight

All I have to do is open my heart  
Wider than ever before  
Into the horizon  
Across these lands  
Deep into the earth  
In which I stand

### Breath of Life - Susie Ro

This pain that I carry, I no longer need  
Mother Earth take away, that which does not serve me  
These tears that are flowing, going back to the sea  
Making space in my being, for my heart to receive  
The breath of life  
For my heart to receive  
The breath of life

My breath you are releasing me, releasing me, releasing me x2

This sorrow that binds me, I begin to untie  
Thank you for your teachings, for shaping my life  
Now it's time to feel it, to welcome it all  
I'm ready now to breath it, and let it all go  
I let it go let it go let it go let it go  
And I welcome it all  
And let it go let it go let it go let it go

My breath you are releasing me, releasing me, releasing me x4

Angels circle around and ancestors remind me  
That I came here to live and I came here to breath  
Angels circle around and ancestors remind me  
That I came here to give and I came to receive  
X2

My breath you are releasing me, releasing me, releasing me x4

This pain that I carry, I no longer need  
Mother Earth take away, that which does not serve me  
These tears that are flowing, going back to the sea  
Making space in my being, for my heart to receive

## Flame - Susie Ro

Listen deeply  
A flame in the centre of the storm  
She sings in silence  
Inside the ocean of my soul

Voices rise and weapons fall and  
Nations unite, across the world and  
Songs of peace at the heart of every land  
Oooooooooo

Open gently  
Feel the love that's waiting to unfold  
Your heart is yearning  
To turn the darkness onto gold

Voices rise and weapons fall and  
Nations unite, across the world and  
Songs of peace at the heart of every land  
Oooooooooo

## People of the Earth - Susie Ro

We are the Earth  
We are the sky  
We are the ever flowing rhythms of the web of life  
We plant the seed  
That never dies  
We are protectors of the water and the sacred fire

We are the people of the Earth  
Connected through all life  
And it is life that I will serve  
Until the day I die

Memory comes back to me of who we are  
We are the wings of the buzzard and the song of the stars  
We are guardians of rivers and the care takers of plants  
We are the brothers of the beast  
And we are all part of this dance

We are the people of the Earth  
Connected through all life  
And it is life that I will serve  
Until the day I die

## Sweep out the Chambers - Words Shabistari | Melody Amida Harvey

Go sweep out the chambers of your heart  
Make it ready, make it ready  
To be the dwelling, of the beloved  
When you depart, love will enter  
In you, void of yourself  
God will display her/his beauty

## The Moon She Dances - Prana

The moon she dances  
like the waves, like the waves on the shore

Like the waves, like the waves on the shore
