23<sup>rd</sup> June 2020 | 7.30-9.00PM | Zoom & Facebook/YouTube Live

### All I Need is Here - Susie Ro

All I need is here

In this moment I am free  
I am gliding allowing all to be

Cos this is all, all, this moment is all that we have  
And this is all, all, this moment is all, that we have

### Breath of Life - Susie Ro

This pain that I carry, I no longer need  
Mother Earth take away, that which does not serve me  
These tears that are flowing, going back to the sea  
Making space in my being, for my heart to receive  
The breath of life  
For my heart to receive  
The breath of life

My breath you are releasing me, releasing me, releasing me x2

This sorrow that binds me, I begin to untie  
Thank you for your teachings, for shaping my life  
Now it's time to feel it, to welcome it all  
I'm ready now to breath it, and let it all go  
I let it go let it go let it go let it go  
And I welcome it all  
And let it go let it go let it go let it go

My breath you are releasing me, releasing me, releasing me x4

Angels circle around and ancestors remind me  
That I came here to live and I came here to breath  
Angels circle around and ancestors remind me  
That I came here to give and I came to receive  
X2

My breath you are releasing me, releasing me, releasing me x4

This pain that I carry, I no longer need  
Mother Earth take away, that which does not serve me  
These tears that are flowing, going back to the sea  
Making space in my being, for my heart to receive

## Earth my Body - Traditional Unknown

Earth my body  
Water my blood  
Air my breath  
And fire my spirit

## Flame - Susie Ro

Listen deeply  
A flame in the centre of the storm  
She sings in silence  
Inside the ocean of my soul

Voices rise and weapons fall and  
Nations unite, across the world and  
Songs of peace at the heart of every land

## I Just Close my Eyes - Madhuro

I just close my eyes  
And the earth is carried away  
By the river  
X2

What is left behind I cannot say  
Just the sound of the water  
X2

## Music Fill Me - Susie Ro

Music fill me to the top  
Fill me through and through  
Feel me come alive

Bless the beat bless the rhythm bless the melody

## Nature's Song - Susie Ro

She's calling us to wake up  
She's asking us to take off our shoes  
She's unconditional love  
She's joy, she's our living muse  
United we stand, when we realise  
We're not separate from the land  
I will open my eyes

### *Chorus:*

And sing nature's song, doo doo doo doo doo doo doo  
Sing nature's song, doo doo doo doo doo doo doo

She's inviting us to breathe in  
Sail a timeless tide  
And take it back to the beginning  
But this time with a conscious mind  
United we stand, when we realise  
We're not separate from the land  
I will open my eyes

### *Chorus*

One by one everyone comes to remember  
We're healing the world one heart at a time  
One by one everyone comes to remember  
We're healing the world, one heart, at a time

Doo doo doo doo doo doo doo  
One heart at a time  
Doo doo doo doo doo doo doo

No se vende la tierra no se vende  
No se vende la tierra no se vende  
La tierra no se vende  
Se ama se defiende  
La tierra no se vende  
Se ama se defiende  
Son guerreros del luz  
Hermanos del sol  
Viajeros del tiempo del ritmo y la materia  
Son guerreros del luz  
Hermanos del sol  
Viajeros del tiempo del ritmo y la materia

One by one everyone comes to remember  
We're healing the world one heart at a time  
One by one everyone comes to remember  
We're healing the world, one heart, at a time

Doo doo doo doo doo doo doo  
One heart at a time, doo doo doo doo doo doo doo

## The Beauty Way (I Walk in Beauty) - Words: Navajo People | Melody: Kabira Kirby

I walk with beauty all around me  
As I walk the beauty way

My thoughts will all be beautiful, ho  
My words will all be beautiful, ho  
My actions will all be beautiful, ho

As I live my life the beauty way

I walk with beauty before me  
I walk with beauty behind me  
I walk with beauty below me  
I walk with beauty above me

## We Are the People of the Earth - Susie Ro

We are the Earth  
We are the sky  
We are the ever flowing rhythms of the web of life  
We plant the seed  
That never dies  
We are protectors of the water and the sacred fire

We are the people of the Earth  
Connected through all life  
And it is life that I will serve  
Until the day I die

Memory come back to me of who we are  
We are the wings of the buzzard and the song of the stars  
We are guardians of rivers and the care takers of plants  
We are the brothers of the beast  
And we are all part of this dance

We are the people of the Earth  
Connected through all life  
And it is life that I will serve  
Until the day I die
